Tamimi Academy

Modern Sinus Lifting Techniques

🕒 Saturday, 12 October 2019 / 8:00 AM – 8:00 PM

🏨 Hyatt Regency Al Kout Mall Hotel - Fahaheel

Speaker: Prof. Dr. Mazen Tamimi (BDS, MSc, PhD)

- *Oral & Maxillofacial Surgeon*
- *Member of Scientific Advisory Board of the IMC / University of Duisburg - Essen (Germany)*
- *Visiting Professor at Cairo University (Egypt)*
- *President of Tamimi Academy*

Description:

This course will describe in details the Anatomy of Sinus and surrounding structures, Indications and Treatment Planning with alternative Surgical techniques according to the amount of remaining bone under the sinus, external Sinus Lift and the instruments used from osteotome up to balloon assisted sinus lifting, using stabilizer in severely atrophied crestal bone, Bone condensation with lift, Types of Bone to be used, Direct Sinus Lift with or without implant, Biomaterials and indications for sinus procedures

Objectives:

- To learn to identify the indications of lateral Sinus Lift Techniques.
- To learn when and how to place implants with sinus lift in atrophied maxilla while there is no crestal bone available.
- To learn about Piezosurgery and understand the difference from conventional surgery techniques.
- To learn to tactile using Piezosurgery machine.
- To learn to use new techniques in stabilizing the implant in severely atrophied maxilla in order to avoid two stage sinus lifting.

Teaching Methods: Lectures, Participation and hands-on

Target Audience: General Dentists, Oral and Maxillofacial Surgeons, Prosthodontists

Registration and Cancellation Policy:

Tamimi Academy

Fees: 150 KD

Participants are eligible for a full refund if we receive a course cancellation at least 35 Days in advance to the start of the course, 50% refund if cancelled 14 Days prior the course, non-refundable if cancelled 48 hours prior the course.

Time	Title
7:30 – 8:00	Registration
8:00 – 9:00	Anatomy and Physiology of Maxillary Sinus
9:00 – 10:00	Indication/Contraindication for Sinus Lifting
10:00 – 11:00	Internal Sinus Lifting Techniques
11:00 – 11:15	Coffee Break
11:15 – 12:15	External Sinus Lifting Techniques
12:15– 13:15	Bone Augmentation Material, Biomaterials and Membranes
13:15 – 14:15	Lunch Break
14:15 – 15:15	Introducing stabilizer technique in one stage surgery – Sinus Elevation Augmentation and Fixation of Implants
15:15 – 16:15	Alternatives of Sinus Lifting Techniques
16:15 – 16:30	Coffee Break
16:30 – 19:30	Hands on learning using Piezosurgery Machine on both eggs and plastic models to perform Internal and External Sinus Lifting and simultaneous placing of Implants and Augmentation Materials
19:30 – 20:00	Exam
20:00 – 20:15	Course Evaluation

CE to be earned: 10 CE
